H. W. TEMPLE CARRIES THIS DISTRICT EASILY

Vote For Congressmen Being Temple 20,914, And Furlong, 9,486 — General Edward Martin Is High Man On the Ticket

THE UNOFFICIAL RESULTS

With Only One District In the Second Legislative District Missing, Towner Has 10,172; Heffran, 10,009; Bane, 2,835; Barnum, 2,396

Henry W. Temple was re-elected to congress from the 25th district by the largest plurality he has ever received in a congressional contest since entering the house in 1912. He carried Washington county by 11,428 over Furlong, the vote being Temple 20,914 and Furlong 9,486. Returns from all but one district in Greene give Temple 4,537 and Furlong 5,256, a plurality for Furlong of 719, which will likely be increased to about 900 when full returns are in. As the figures now stand Temple's plurality is 10,708.

General Edward Martin, of Washington, candidate for auditor general, was the high man on the ticket, polling 21,067 votes, nine more than Coolidge. He was also high man in Washington, his vote there being 3,733.

The Republican legislative ticket in both the First and Second districts had a wide margin of a lead over their Democratic opponents. In the First district D. Glenn Moore polled 10,476 and W. S. Lockhart 9,693. Moore's plurality over Post is 4,724 and Lockhart's 3,946. Moore's home town of East Washington gave him the highest vote recorded there, 673 out of 810 votes polled. His vote in Greater Washington was 3,559. Lockhart was given a big vote in his home town of McDonald and John L. Post, Democrat, was high man in Blaine township, his home district.

The unofficial tabulation of votes from all of the 171 election districts in the county for President shows: Coolidge 21,058
Davis 6,132
La Follette 5,243
Coolidge's plurality over Davis, 14,926.

The same number of precincts give for auditor general the following: Martin 21,067
Collins 5,984
Martin's plurality over Collins, 15,083.

In the same precincts the vote for congress is: Temple 20,914
Furlong 9,486
Temple's plurality over Furlong, 11,428.

The complete unofficial returns from the First legislative district show the following: Moore 10,476

Window Trimming Contest In Charleroi Promises To Create Great Interest

If the public of Charleroi and surrounding territory does not reap the benefit of the intensive holiday advertising campaign to be promulgated by the business men of the borough through the Merchants' committee of the Chamber of Commerce, it will not be the fault of the Merchants' committee. One of the features of the campaign will be the Window Trimming contest indulged in by the merchants, and in which the goods of the business men will be displayed to their best advantage.

The rules of this contest are, that all merchants who have contributed toward the general advertising campaign to be launched now in the near future, are eligible to enter the contest. The windows are to be trimmed and viewed on the same day, and will be the cynosure of the eyes of the public on Wednesday evening, December 3 at 7 o'clock. It is confidently expected that a very large concourse of the citizenry of Charleroi and from outlying districts will be in the borough on the evening in question, in particular, inasmuch as it will be to their advantage, i. e., they will not only see the beautiful display, artistically and tastefully arranged, but

WHEELING BUSINESS SECTION \$500,000 FIRE

Wheeling, W. Va., November 6—Fire which broke out at an early hour today, completely destroyed the Browne Building in the heart of the Wheeling business section causing loss estimated at \$500,000. Firemen from nearby towns assisted in bringing the flames under control. Cross wires is believed to have caused the fire.

SCHOOL BOY IS BADLY BURNED

Frank Emelio, 13 years old, of Park avenue, Monongahela, suffered serious burns about the face, neck and hands yesterday morning when his clothing caught fire while he and several companions were playing about a bonfire.

Emelio, it is stated, attempted to jump through the leaping flames and fell into them. He was removed to a nearby home and later was given medical aid by a physician and taken home. His condition though serious is not considered dangerous. The lad was on his way to school and stopped at the fire with several other school children.

ELEVEN NEW MEMBERS ADDED TO THE L. C. B. A.

Branch 782, L. C. B. A., held its regular meeting in the K. of C. social rooms last night, with a large attendance. Eleven new members were admitted, and fifteen applications presented.

After the business session a social time was spent in cards and music, luncheon concluding the festivities.

A large class initiation will be held Sunday afternoon at 2 o'clock in the Nixon theatre, Pittsburgh, followed by a banquet in the William Penn hotel. Branch 782 will have about thirty-five members in the class.

FUNERAL FOR MRS. BOND ON TOMORROW

Funeral services for Mrs. L. A. Bond, aged 33 years, of Arnold, Pa., who died yesterday morning at her late home, and whose body was brought here yesterday to the home of her sisters, Mrs. Luther Harford and Mrs. E. Davis of 309 Second street, will take place Friday afternoon at 2 o'clock from the local residence. Interment will follow in the Monongahela cemetery.

HE'S EVEN COOLER NOW

The "business as usual" sign is out at the White House, now that it is assured that Calvin Coolidge will be the occupant for another four years. The president, glad that it's all over but the shouting, is seen at his desk in the executive office.

Warrensford Is Elected Member Borough Council Named To Look Into City Project

Thomas H. Warrensford was elected by the members of Charleroi council last night as a member of the borough's leading civic body to succeed Charles S. VanVoorhis, resigned, and whose resignation was formally voted upon and accepted prior to the election of Mr. Warrensford. The new councilman was sworn in by Burgess J. Bryant Tussing and took part in the subsequent deliberations of the body. Mr. Warrensford is connected with the West Side Railways Company in its clerical department.

The session of council was an adjourned one, from the previous evening and was of an abbreviated nature. John N. O'Neil, secretary of the Charleroi Board of Health, was present in the interests of a milk ordinance, approved by the local health body and the state board of health, endorsed by Dr. Charles H. Miner of the State Board and in vogue in third-class cities and boroughs in the commonwealth of Pennsylvania. Mr. O'Neil, aside from commenting on the good qualities of the ordinance, made some comment in the injustice being done to local patrons in the charge of 16 cents a quart for the lactical fluid, while in Pittsburgh and suburban towns, the milk rate is but 14 cents a quart. The matter of the adoption of the ordinance here was submitted to the ordinance committee of the body, to give its report at the next meeting of council.

A citizen was present stating the need of a sidewalk between Eighth and Ninth streets in Shady avenue. The matter was referred to the street committee.

Another matter brought to the attention of the body was the need of sewers and the relocation of the same, in which residents are having trouble. The proposition was referred to the fire and water committee. One thing that was discussed was the fact that some of the residents in the hill district have no water at all, or the pressure is insufficient. The water company will be seen in remedial agencies.

The proposition of sidewalks to conform with the grade in various portions of the borough was discussed, the matter being referred to the solicitor and the engineer.

E. B. Fox, president of the Charleroi Chamber of Commerce, has named the following committee to look into the feasibility of converting Charleroi from a borough to third class city:

George W. Might, chairman; Attorneys Hugh E. Ferguson and Roy I. Carson; Messrs. Louis Collins, R. Carl Mounster. The committee will make its report, probably at a meeting of the directorate of the Chamber.

It may take some little time to investigate the feasibility and the practicability of changing the present borough form of government to that of a city of the third class. The committee has quite a large range of third class cities from which to obtain the information desired by the Charleroi Chamber of Commerce, among the number being Washington, Conneville, Uniontown, Monessen and Monongahela, and should be able to deduce from information received and a possibility that a number of the third class cities will be visited, just what recommendation to make to the local Chamber.

The proposition of a city of the third class for Charleroi was brought up and discussed at the last meeting of the directorate of the Chamber of Commerce. President Fox being empowered by the body, through resolution, to name a committee of representative business men to make investigation of the advantages which might accrue through making of Charleroi a city of the third class.

At any rate, whether Charleroi becomes a city of the third class, is in the hands of the electorate of the borough, whose decision is required after recommendations to this effect is made through the Chamber of Commerce collective, or its directorate.

CHAIRMAN HILL IS THANKFUL FOR WORK DONE

Postmaster S. D. R. Hill, as chairman of the local Republican Executive committee, is not only proud of the record which the workers made in Charleroi, but is deeply appreciative of their cooperation in bringing about the glorious Republican victories.

Especially is Mr. Hill appreciative of the good work done by Mrs. V. P. Vieslet, vice chairman, and the Charleroi ladies in the various precincts of the borough, who unselfishly and devotedly, gave of their time, labored hard and zealously in the interests of the Republican ticket, inclusive of not only President Coolidge, but of the legislative and congressional candidates, who were returned handsome majorities in the borough, brought about in measure, at least by their labors in behalf of the cause.

Charleroi, feels Mr. Hill, has a band of workers, whose labors in the election but commend them to the warmest praise and appreciation of the people as a whole.

Maple Creek Road To Be Used In Week

The last batch of cement was poured on Maple Creek road just before noon today, by the contractors in charge of the work. As a special hardening compound has been used on this piece of work it will be possible for them to throw the highway open for traffic in from five to seven days, which will mean that after the middle of next week it will be available.

Considerable work was done alongside of the highway before the contractor is through, but this will in no way interfere with traffic.

LEGION IS TO NOMINATE HEADS

American Legion, Charleroi Post No. 22, will hold an important meeting in the Dugout this evening, and a large attendance is urged.

There will be nomination of officers, election to take place at the next regular meeting.

Keen interest has been very much in evidence for the nominations this evening, and the meeting promises to be enthusiastic.

BULLET ENTERS WINDOW WHEN GUN DISCHARGED

John Grimm, formerly employed as a truck driver for the West Penn Electric company, was standing on the sidewalk in front of the Central Pool room, between Fifth and Sixth streets, in McKean avenue. The time was about 8 o'clock last night. It is said that Grimm and some companions were "fooling," when a 32-caliber revolver fell from the pocket of Grimm to the sidewalk, and was discharged, the ball striking the walk and then glancing through the big plate glass window of the pool parlor, lodging in the ceiling. To replace the window, it is said, will cost approximately \$150.

According to Chief of Police James A. Murphy, Grimm hid the revolver in the Garden Inn restaurant nearby, and it is said that, with a companion, left hurriedly in an automobile. At the pool room this morning it was stated that Grimm now lives in either Conneville or Uniontown, and the twin in the machine may have gone in that direction. However, Chief Murphy and the local officers are looking for Grimm, and his apprehension is expected in a short time.

It is considered fortunate that none was hurt by the discharge of the revolver, as there were a number of patrons in the pool room at the time; but luckily, the bullet took an upward trend, and save for the damage done to the window, which has a good-sized aperture made by the entrance of the bullet, further catastrophe was averted.

FIRE AT McDONALD DESTROYS A LARGE BARN

Fire about 8:30 last night destroyed the large barn on the Robb farm one mile north of McDonald. The barn occupied a commanding location on a hill and the fire, seen for many miles, attracted a large number of spectators from a distance. It was completely destroyed, with its contents. The farm now owned by Dr. J. A. Douglass of McDonald is occupied by T. W. Jones. He lost all this year's crop and a number of pigs, which were in the barn. A large haystack nearby was also burned. The other livestock had been turned out after feeding and milking or the loss would be much larger. Mr. Jones carried partial insurance on his property.

The fire is thought to have been of incendiary origin, as there were no persons about the barn at the time, and no lights were used, as the evening's work had been done.

The barn, a large frame structure, was built in 1911 by Thomas Robb, father of the late Joseph Robb of Washington and was one of the landmarks of the county. It was a most substantial structure and will represent a loss of at least \$8,000.

PAROLE GRANTED FATHER OF TEN

"Prima facie" evidence, as an attorney might say, that Mike Roman of Smith township, serving a sentence of 11 months and 27 days in the workhouse for liquor law violations and with a fine of \$90 and costs also hanging over him, was entitled to a parole, was presented before Judge Erwin Cummins yesterday in the form of the wife of Roman and her ten children. The children were all in court, the oldest 13 years of age and the youngest a babe in arms. It was also in evidence that this large family of the defendant was in want.

Judge Cummins, when counsel for the woman, acting for her without compensation, referred to the fact that nine of the children were without shoes, suggested that it might be well to help the woman out. The clerk started a shoe fund with \$5 Clerk of Courts E. G. McGregor donated \$5 more the attorney for the woman, George I. Bloom, came across with \$5 more and Attorney Robert E. Burnside, who just stepped into the court room when the drive was on was short. The \$20 was turned over to the woman and she accepted it with tears streaming down her face.

They were tears of joy, for not only was she given this money, but the court changed the sentence of the husband, so that he was released at once and was allowed to return home with his family. He had been sentenced last September.

When Judge Cummins took the bench and noticed the large gathering of children he inquired who they all were and when told they were the children of the man who asked to be paroled, the court got interested. Counsel representing the woman did not need to present much other evidence for asking for the parole.

Residents of the community where the family lived learned the family was in dire circumstances and would if the husband was not allowed to return home and go to work, be a charge of the county. Attorney Bloom agreed to look after the woman's interests.

North Charleroi to Act Plea of Member—Building In Lock Street to Be One And One-Half Stories In Height

STREET COMMITTEE TO ACT

Matter of Sewers On the Hospital Plan of Lots, As Permission Has Not Been Granted By the State Department of Health to Extend Sewers

At the regular monthly meeting of the North Charleroi Borough council held Monday night, Councilman Wildman made a plea for the North Charleroi Volunteer Fire department asking that the borough council build a garage to house the fire truck, in view of the fact that winter is approaching and some suitable place must be made to house the truck. After discussion, the members of council decided to erect at once a building in Lock street, one and one-half stories in height to take care of the truck; and also, to provide a place for the driver to stay.

The body also decided that in the future elections must be held in the second story of the Borough building.

The proper borough officials were empowered to make application to the State Department of Health for a further extension of the permit to empty sewage water into the waters of the state.

Daniel Yeager asked permission to lay a private water line from Highland avenue and Seventh street to his property.

Several persons were present relative to the sewers on the hospital plan of lots, as permission has not been granted by the State Department of Health to extend these sewers. The street committee was instructed to see what can be done—and that immediately.

At the session President Doerzbacher was in the chair, and the other members present were Councilmen Wolff, Simpson, Strausser, Gaskill, and Wildman.

The treasurer and secretary reported as follows: Balance from last report, \$8421.27; receipts, \$4850.46; total, \$7507.43; disbursements, \$2312.33; balance on hand, \$5195.10.

Burgess Franks reported fines collected for October in the sum of \$63. The tax collector reported 1924 taxes collected in the sum of \$479.66, and for 1923, \$8.40. Bills to the amount of \$1290.57 were ordered paid.

THE BEST SWIMMERS.

The English may still retain their traditional leadership in year-young daily bathing, but Americans now lead all nations as swimmers, having come to the front overwhelmingly since the Olympic games in Stockholm in 1912. At Stockholm only two Americans were first in swimming, but the other day at Paris, or at Les Tourelles the Americans entered into the Olympic aquatic competitions were champions in 13 out of the 17 events. The French team triumphed in water polo, a British girl was first in the 100-yard race.

Two young Australians excelled, the one in plain high diving and the other in the 1500-meter race, but in all the other 13 events Americans were victors. "This looks like an American holiday," said Count Clary, president of the French Olympic committee, as he distributed the medals for aquatic honors.

The United States had scored 217 points, Sweden second with 58, Great Britain third with 50, and Australia fourth with 35. Eleven other nations were represented in these contests. "The United States" is remarked, "must appear like a superman nation to Olympic crowds—and a superwoman nation in swimming and diving." However that may be, it is certain that the Olympic aquatics at Les Tourelles American girls did wonderful work, equalling or making new world records in a surprising number of instances. In the case of both women and men the Olympic swimmers of 1924 attained much greater speed than those of 1912, and the older records have been made to look still more out of date. Apparently swimming is now to be regarded as a special American accomplishment.

ROMERO FIGHTS DRAW
WITH FOOTBALL STAR;
SANDY SEIFERT WINS

Quinn Romero, of Clark, and Sully Montgomery, Center College football star, fought a draw in the six round semi-final to a series of heavyweight fights in Madison Square Garden last night.

Montgomery, in his first professional fight, outboxed the Chilean in the first three rounds and almost dropped his opponent in the fourth with a right to the jaw. Romero took the last two rounds.

Montgomery weighed 204 and Romero 199½. In other heavyweight bouts, Sandy Seifert of Pittsburgh, won the decision over Charlie Potash of Philadelphia; Leo Gates scored a technical knockout over Jim Shimmer of Millville, N. J. in the fifth round; Alex Solar of Yorkville, won the decision from Don Bright of England, and Miguel Fenara of the Argentine, knocked out George Entrecht of White Plains, in the fourth round.

Unchanging Climate

The Isle of Pines has one continuous summer, the variations of temperature throughout the entire year being scarcely as great as often occur in a single summer month in many of the northern states. It is rare indeed when the thermometer in summer on the island registers as high as 90 degrees and in winter the mercury never falls below 50 degrees.

Rather Muddled

The absent minded professor, who had been attending a lecture all the evening, returned home very late and rather muddled. On entering his bedroom, he thought he heard some one move under the bed. "Who's under there?" he called out. "No one," replied the burglar. "Funny!" said the professor. "I could have sworn I heard some one there!"

Interesting if True

The Tokyo telephone bureau has issued detailed statistics that are interesting. When a woman is talking to a woman, it is asserted, 26.4 per cent of the talk is idle and unnecessary, when a woman calls a man, the waste is 13.3 per cent, when a man calls a woman it is only 9.7 per cent; when two men talk, 10.6 per cent.

DOUBLE WINDUP
HEADS PROGRAM
AT McKEESPORT

A rattling good program of boxing bouts is down for decision this evening at the Palsade rink, McKeesport, where the Majestic club will hold its weekly fistie program.

The card offers a double wind-up of two 10-round battles, the first of which will find Andy Tomasky, of Wilmerding, and Hughey Manson, of Homestead, exchanging wallop in a contest arranged to settle a question of superiority which has been raging since their engagement last week, when it was alleged Tomasky was much overweight, and thus had a distinct advantage over his opponent.

These lads have posted cash forfeits to weigh in at 114 pounds at 3 o'clock this afternoon. If Tomasky makes this figure, Manson says he will trim him for sure. The bout should be a corker all the way.

The final half of the dual wind-up in Joe Moore of California, Pa., and Young Xeno, of the University of Pittsburgh. These boys met two weeks ago, and the decision was a draw, after the judges had disagreed. Xeno was believed to have had the better of the milling, and the verdict was not popular with the crowd who will be on hand tonight to see the outcome of the second meeting with Moore.

REPUBLICANS TO
CONTROL SENATE

BY NINETEEN

New York, Nov. 6—The crushing blow dealt the La Follette groups throughout the nation in the election will bring into power an entirely new regime in Washington.

New legislative leaders possibly new cabinet members and new dominating influences are to be set up to take the place of the old.

But instead of destroying the self-designated "Progressive movement" of LaFollette it will only serve to draw its lines more clearly and his groups will endeavor to set themselves up as the opposition "party" to the administration, in the hope that four years from now they will solidify most of the opposition to the Republicans.

A new movement that polls 5,000,000 must be reckoned with, leaders feel.

The majority of President Coolidge in Congress, however, cannot be seriously challenged, re-tabulation of the outcome shows today. La Follette even lost his balance of power and his strength was diminished. His right hand man, Senator Brookhart in Iowa appeared to have been defeated by his Democratic opponent Daniel F. Steck, whose victory was wrought by Coolidge Republicans who voted the Democratic ticket rather than vote for a La Follette sympathizer.

In Massachusetts Senator David I. Walsh, Democrat, who is most often listed as a "progressive" went down to defeat before Frederick H. Gillett, who so clearly concurred with the Coolidge opinion that he is now being talked of as the leader of the Senate. Then in Minnesota Senator Magnus Johnson another La Follette adherent although a Farmer-Laborite adherent although feat before a Republican.

In the House the same trend was less followed. Most of the La Follette group maintained their seats, but the Coolidge Republicans gained enough

indisputable control.

With the returns practically all in, it seems evident that the new senate lineup will stand:

—Republicans, 54.
—Democrats, 41.
—Farmer-Labor, 1.
Tabulation of the new lineup of the House shows:

—Republicans, 242; Democrats, 189; others, 4.
Necessary for a majority, 218.

Slattery Accuses Greb Of
Side Stepping a Match
Also Accuses Others

The Hon. James Slattery of Buffalo, lovingly called (Slats) by his cronies, is up in arms against the dilly-dallying methods of Messrs. Brinbach, Stribling and most of all Harry Greb, middleweight king of all the world.

This is why: Tex Rickard has been trying to match Young Jimmy with one of his trio for a near future bout and all three of them have turned down offers to meet the speedy Buffalo boy.

Paul Carr, Slattery's manager made several trips to New York in an effort to close a match, but there was little or nothing stirring. Greb wanted the Garden and all the surrounding properties. Slattery seemed and hawed and Berlenbach wasn't sitting up nights in anxiety about signing.

Wherefore, James Slattery one of the fastest middleweights that ever peeped over a set of fighting gloves, aims to make an astounding and concerted squall. And rightly. He is not only money maker right now and he can't get good cash customers to work with, what blessed use is his high art? and his is high art.

He'll draw tremendously against Greb, Stribling or Berlenbach. Especially is this so with the champion, but Greb, it appears, isn't anxious to hook up in the required six-round go. Slattery could outpoint him and win the title. There's the rub. Greb met him once before and had such a hard time of it earning the decision that he doesn't want to try it again over that route, inasmuch as Slattery has improved 80 per cent. over that bout.

Electrical Ice Machines
A thousand tons of ice are made electrically every day by New York City artificial ice company. This concern has been in business since 1900 and used steam power to generate its plant. Now, instead of electrical energy supplied by a service company at 15¢ 1000 tons converts with steam from city water mains into 300 pound cakes of ice.

Safety for Milk Drinkers
Sterilization is a process by which the temperature of milk is raised high enough to maintain long enough to destroy all germs and spores. This method is seldom utilized because it gives the milk a boiled taste. In pasteurization the temperature used is high enough only to destroy most germs including acid-forming ones such as those of tuberculosis and typhoid.

Clock as Money Box

A savings bank in the United States is making a present of a clock to every new depositor. It is a timepiece of a peculiar kind, and is really a combination of a clock and a safe. It needs winding every 24 hours. If it is not wound a coin must be inserted. The owner is thus compelled to add something to his savings every day.—London Tit-Bits

When Canaries Molt

Canaries renew their feathers once a year. Adults molt late in the summer. Young birds molt the juvenile body plumage after leaving the nest but keep the first growth of wing and tail feathers for a year. Canaries are somewhat dull and stupid while molting, and should be disturbed as little as possible.

Wonderful Victoria Falls

The great river Zambezi, after flowing for miles through a level country in Rhodesia, suddenly disappears in a chasm less than 400 feet wide and creates one of the world's wonders, Victoria falls. About a mile from end to end the falls are divided by many islands and projecting rocks forming the Devil's catanact.

The Important Points

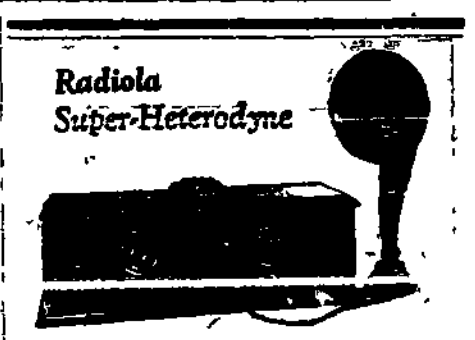

It is nearly always a mistake to listen to a woman, a man rarely learns anything from what she says. Her manner, her hesitations, her expression, and particularly what she doesn't say, are all far more important.—From "On the Veranda" by Holloway Brown.

Her Blonde Hair
Was Darkening

—But New Light-Hair Shampoo Brought Back Its Natural Rich Golden Color and Gleaming Luster

Her blonde hair was becoming dull, streaky, faded and lustreless. She had tried nearly everything to bring back its original beauty. All had failed. Then her hairdresser recommended Blondex, the wonderful new shampoo, prepared for blonde and light hair—only. Just one shampoo and her hair became much lighter. Then in an unbelievably short time it was the same charming blonde shade that friends soon noticed the marvelous change. Now, you too, can bring back the natural color to darkened blonde hair. If you hair is already beautifully blonde, Blondex will keep it that way. Acts in a perfectly natural way. Leaves no oil behind to form sticky film, on which dirt and dust collect—causing light hair to darken. Gives a wonderful thick lather. Makes hair soft and silky. No injurious dyes or chemicals. Highly recommended for children's hair. Your dealer will promptly return its cost if you are not more than delighted with results. Get Blondex today, at all good dealers such as:

WOMAN AILING
FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle Pa.—"I was all run-down and over-brought. I was going into a decline. I had been ailing for 2 years with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a worse month of the time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how I helped me."—Mrs. Harry L. LIST, SHERBORN, 615 Newell St., Newcastle, Pa. For sale by druggists everywhere.

In Society's Realm

The Standard Revere place of the Methodist Episcopal church will meet this evening at the home of Miss Martha Watson of Prospect avenue. The meeting is an important one and a good attendance is urged.

Carl Behrendt, well-known music teacher of Charleroi, was accorded a delightful birthday surprise party last night at his home in Woodland avenue by his children. A very enjoyable evening was spent in music and the honored guest, who yesterday reached his sixtieth birthday anniversary received many appropriate gifts. At the close of the evening, luncheon was served by Mrs. Behrendt.

Mrs. William Simpson very delightfully entertained the members of the Home and Hospital club at her home in Allenwood on Tuesday evening. The business session was presided over by the president, Mrs. J. L. Roberts.

Planning for the bazaar, which will be held on Friday and Saturday of next week. The ladies desire to make this event the most successful of any of their undertakings and also desire the patronage of the public. There will be on sale all kinds of useful garments, in plain sewing and fancy work. A social hour followed and a fine luncheon was served by Mrs. Simpson assisted by Mrs. James O'Brien. There were 30 numbers and friends present. The next meeting will be held at the home of Mrs. Frank Wilmer, December 2.

A very interesting meeting of the Foreign Missionary society of the Methodist Episcopal church was held yesterday afternoon in the Sunday School room with a good attendance. The leader, Mrs. C. C. Wright in giving the first chapter of the new study book, "Ming Kwong," presented a clever dramatized program with the assistance of Mrs. C. O. Eason, Mrs. Bell Clispen, Miss Muriel Anderson, Mrs. A. H. Bosson and Mrs. T. L. Pollock. Mrs. Bosson and Mrs. Pollock entertained with a vocal duet during the presentation of the program. The reading entitled "Giving" by Mrs. Thomas Williams was greatly enjoyed. The devotional exercises were led by Mrs. James Frew. Miss Helen Payne entertained with a piano solo. A welcome was extended to the new pastor's wife, Mrs. J. E. Morrison by Mrs. Lindsay in behalf of the society. Mrs. Morrison responding with a very interesting talk. At the close of the program dainty refreshments were served by the hostesses, Mrs. W. D. Pollock, Mrs. D. M. Prosser, Mrs. J. D. Brynman, Mrs. Anna E. Roe and Mrs. George Salyers.

The Young Married Women's club held a party at the home of Mrs. Paul Sheppok, Saturday evening. All were masked, and a very good time was had by all present.

Miss Elizabeth Cleary has been sick for some time, but her condition is not greatly improving. She will be removed to the Mercy Hospital as soon as there is room for her.

PRINCIPALS IN ACCIDENT TRIED AND FREED

Pete Yeager, an employee of the Macbeth-Evans Glass Company, and Steve Novak, an employee of the H. P. Streicher Construction Company, principals in an automobile accident where the machines they were driving collided at the corner of Fourth and Washington avenue early yesterday morning, had a hearing before Burgess J. Bryant Tussing on a charge of reckless driving last night. The men were discharged by the burgess, after he had given them a lecture for more care to be exercised in their vocations as drivers.

One of the machines was badly damaged by the impact of the cars; besides, the occupants of the machines were hurt, none of them seriously.

JELKE GOOD LUCK MARGARINE

The Finest Spread
for Bread

Fine On Hot Toast

For spreading toast as it comes, crisp, brown and piping hot, from the toaster, use GOOD LUCK and see how really fine it is. GOOD LUCK melts instantly as it touches hot toast and makes a delicious, tasteful combination you will love to eat. The thicker the GOOD LUCK the better the toast tastes. What is considered to be the most trying test possible for a margarine simply proves the high quality of GOOD LUCK. It spreads hot toast and hot breads of all kinds perfectly.

Savings Deposits

There are many people who delay the opening of a Savings Account because they feel that a small deposit will not be welcome and that it is better to wait until they have accumulated a considerable sum. Too often they keep on waiting.

The First National Bank wants you to know that we welcome Savings deposits in any amount from \$1.00 upwards and that the size of the account does not matter so much. The REGULARITY with which you save means more to us—and to you—than the amount deposited.

WOMAN CRAVES A LONG SLEEP IN MYSTIC REALMS

Chicago, Nov. 6.—County hospital physicians today battled the effects of 50 grains of a strong nerve sedative taken by Mrs. Dorothy Nelson, 37, of Milwaukee, Wis., to produce "a long, long sleep in the land of mystery."

Tired of wandering, Mrs. Nelson took veronal in an attempt to commit suicide after efforts to find work here and at Cleveland failed. In a note she said, "I am a wanderer on the face of the earth and I am tired of it all—tired of the noise and the crowds—tired of the mob."

When her condition was revealed in another note which said: "Sometimes I wonder when evening comes and the day's work is over and as you sit and smoke you ever give a thought to the woman you made a wanderer."

An identification card among her meager belongings said "Please notify H. I. Nance, 210 Sherman avenue, Pittsburgh, Penna., in case of accident."

It isn't where you start, from but how you finish that counts.

To want to know is the surest way of gaining knowledge.

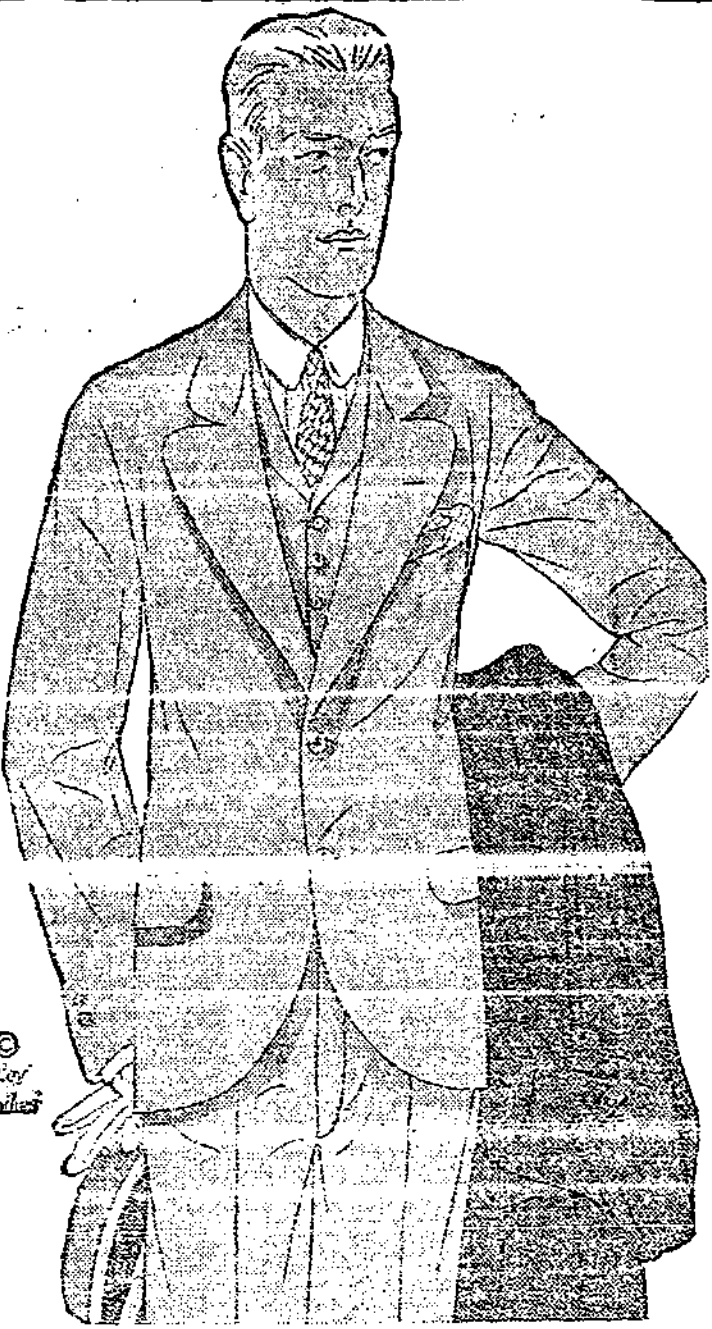

The New Cortley Townley

THE lapels are wider and semi-peaked—with rounded corners.

THE shoulders are wider and padded—to give the "V" Back effect.

Woman's Statement Will Help Charleroi

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I took Adlerika." Unless due to deep seated causes Adlerika helps any case of gas on the stomach in a surprisingly QUICK time. It is a wonderful remedy to use for constipation—it often works in one hour and it never gripes. Piper's Pharmacy.

NEW PILE CURE.

Any type cured in three applications. No need to go to Ohio. Not a patent medicine. No cure—no pay. Address P. O. Box 405, Charleroi. 1311p

GAS

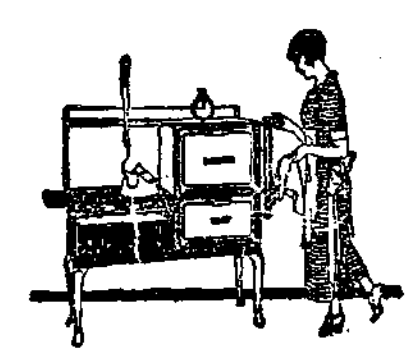

in the stomach is a common disorder causing much discomfort. Gas inflates the stomach, forcing it to crowd the heart and makes it beat irregularly. The lungs are crowded and because they cannot properly expand, the patient often takes a deep breath to get enough oxygen. These and other distressing symptoms are warnings that digestion is impaired and needs attention.

Remember for every effect there is a cause. Let me explain how CHIROPRACTIC ADJUSTMENTS correct the cause of Gas in the stomach.
